Dear Ilene,

We wanted express our gratitude for your amazing commitment to help us get the word on Afghanistan out. It's been a 30-year odyssey that needed a very special campaign to start the process of breaking the highest glass ceiling inside the mainstream media. Once your stream of fabulous media contacts started flowing it never stopped and some are calling us back again!

We wish we could just keep you going on and on,. For now we'll have to just bask in the glow of all your effort to get us inside the media system. We'll update you on our 10/22 interview on Let's Talk Live when we return from the DC trip!

With much appreciation,
