Subject: Krugman boosts Palast today in Times

Ilene,
Thanks for connecting me with Paul Krugman. Your work paid off: Krugman has given me a big boost in today's Times - as the man who first broke the story of the fix in Florida 2000 and the man about to break The Big One in Harper's next week.

Your accomplishments have beaten the big time, big-bill, PR firms to death. My gratitude to you.

Thanks,
Greg
