Subject: RE: A note to Ilene

Dear Ilene:

I can't thank you enough for your cutting edge releases about what's happening in the US government, around the country and world. Your work is a thankful and much needed progressive informed voice in the appalling "corporate owned" national media world in which we live - a world that chooses to keep us entertained and ill-informed.

Thank you so much and please keep the information flowing!!!

Sincerely,

Heather Gray, Producer
