

DEPARTMENT OF AGRICULTURE
OFFICE OF THE SECRETARY
WASHINGTON, D.C. 20250

October 12, 1989

Mr. Douglas Evan Drenkow
10306 Live Oak
Arcadia, CA 91007

Dear Mr. Drenkow:

Thank you for your recent letter expressing your interest in the integrated pest management program. I have reviewed the materials you sent and am very impressed with the quality, along with the quantity, of your work.

The majority of work which is published by USDA is produced by research which has been conducted by people employed by the Department. You have produced such an extensive array of materials on insects that I would suggest that you contact the Entomological Society of America, or a similar trade association, which may be able to provide you with some helpful suggestions on how to best use your materials

Thank you again for your interest in the integrated pest management program at the U.S. Department of Agriculture.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lisa W. Zannoni".

Lisa W. Zannoni
